About Us

Overview:

Shenzhen Jieling Industries Co.,Ltd is a manufacturer and supplier of premium chemical raw materials and auxiliaries located in China. With a steadfast commitment to quality, innovation, and customer satisfaction, we provide a comprehensive range of products tailored to meet the unique requirements of our clients. Our dedication to excellence and reliability has established us as a trusted partner in the chemical industry.

Products and Services:

Chemical Raw Materials Manufacturing: We specialize in the manufacturing of high-quality chemical raw materials sourced from premium-grade raw ingredients. Our product portfolio encompasses a wide range of coating, daily chemical, plastic and rubber industries raw material, meticulously produced to meet industry standards and customer specifications.

Auxiliaries Supply: In addition to our raw materials, we supply a diverse selection of auxiliaries designed to enhance the performance and functionality of various end products. Our auxiliaries are including such surfactant, plasticizer, organic solvents and others more.

Custom Manufacturing: We offer custom manufacturing services tailored to the unique needs of our clients. Our experienced team collaborates closely with customers to develop bespoke chemical formulations, leveraging our expertise, state-of-the-art facilities, and advanced technologies to deliver tailored solutions that drive innovation and competitiveness.

Corporate Mission: Make Our Life Easier

We need to constantly strive to develop new materials, design new solutions, and produce new products to make our lives safer, healthier, more environmentally friendly, and smarter.

Corporate Culture:

- We are full of curiosity (passion, passion, resilience);
- We are very intelligent (knowledge, skills, management);
- We work hard (do it now, do it without hesitation, and persevere).
